

LIST OF ORGANISATIONS THAT CONTRIBUTED TO THE REVENUES OF FRIENDS OF EUROPE'S ANNUAL WORK PROGRAMME (2019)

(EXCLUDING MEMBERSHIP/PARTICIPATION FEES)

In an effort of full transparency, Friends of Europe has a policy of listing the “ultimate funder”, even if certain funds may be provided via intermediaries (e.g. when Friends of Europe is part of a research consortium). In 2019, Friends of Europe thus received money from ICF next, the Anna Lindh Foundation and Anglia Ruskin University (= European Commission), and from BAH (United States Government).
