

EUROPEAN YOUNG LEADERS (EYL40) PROGRAMME

Join the 2023 class of European Young Leaders

The European Young Leaders programme is a unique, inventive, and multi-stakeholder programme that aims to promote a European identity by engaging the continent's most promising talents in initiatives that will shape Europe's future.

The European Young Leaders represent the most promising European leadership from all over the continent and with a wide variety of backgrounds including: politics, business, civil society, academia, arts, science and the media.

The programme acts as a forum for those who have already established themselves at the forefront of their professions to meet, discuss and collaborate with their counterparts from other fields of expertise. Previous candidates include: government ministers, CEOs, Michelin-starred chefs, international film directors, and high profile journalists.

For examples of current and previous European Young Leaders, please see the last two pages of this document.

OVERVIEW OF THE SELECTION PROCESS

Since the launch of the programme, we have gradually taken steps to ensure the diversity and exceptional quality of its selection process. We have made sure that its comprehensive and competitive nature ensures the identification and selection of remarkable individuals.
